

Monique's Bus

Cancer Treatment Transport

The Gold Coast Cancer Transport Services was established by GC Mayor Ron Clarke & his family in memory of his late daughter Monique.

Gold Coast City Council has provided funding to operate this much needed transport service for Gold Coast residents who are attending oncology treatment. The service provides a shared ride, door-to-door pick up and drop off to and from patients' appointments. Passengers are given a pick up and return time prior to their journey. Our drivers will drop you at your destination and return for you at the scheduled return pick up time. Carers are welcome to accompany patients to medical appointments.

Days of Operation

Monday - Friday

This is a pre-booked service, so simply call us to make a booking!

Transport Pricing

Nominal donation of \$2.00 each way.

Are you eligible?

Speak to your oncology department for a referral.
